Superb Goldbergs played by Jory Vinikour. Precise and appropriate tempos and natural expressions backed up by his harpsichord technique, The performance is controlled accurately. But they are for the musical expressions. Actually you can listen to this calmly. Although so many recordings with other instruments are releasing in these days, this recording will bring you back to the harpsichord world on the Goldberg performance. The instrument and the recording are also marvelous. (*Mar.18.2001*)
